# THE 7.7 BILLION DOLLAR MARKET

"Exciting, dynamic, on the move" is the best way to describe the Hamilton and region market. With over a half a million in population, the Hamilton C.M.A. is ranked the third largest market in Ontario with a per capita income 6% above the Canadian average.

When it comes to delivering this market, no other media comes close to The Spectator's 65% penetration reach of adults 18+.

The Spectator is the paper of record.

**Nobody covers your market like  
The Hamilton Spectator.**

Statistical Summary of Hamilton-Wentworth .....	3
Alphabetical Products & Services Index .....	7
Alphabetical Company Directory .....	9
S.I.C. Products & Services Directory .....	30
Regional Municipality of Hamilton-Wentworth Economic Development Department .....	90

## HOW TO USE THE DIRECTORY

The 1990-1991 Hamilton-Wentworth Business Directory has three separate sections to assist you to find the information you require:

Alphabetical Products and Services Index  
Alphabetical Company Directory  
Standard Industrial Classification (S.I.C.) Products and Services Directory

*If you want to find companies that offer a particular product (or service), proceed as follows:*

1. Refer to the Alphabetical Products and Services Index and find the desired product (e.g. Horticultural Specialties).
2. Next to that product, you will find an S.I.C. code number (e.g. 0160).
3. Look up that number in the S.I.C. Products and Services Directory. You will find companies associated with that particular product. These companies are listed alphabetically beneath the S.I.C. number.

*Or if you are seeking the particulars of a certain company and the product it produces, proceed as follows:*

1. Refer to the Alphabetical Company Directory to find, for example, Lakeside Greenhouses.
2. Beneath this company, you will find its S.I.C. product code and its page number (e.g. S.I.C. 0160, page 34).
3. Refer to the S.I.C. Products and Services Directory for that S.I.C. number or turn to the page mentioned and you will find the particulars of that company, including company name, address, telephone, chief executive, year established, number of employees and the product it produces.

*The Hamilton-Wentworth Business Director is compiled and published by:*

# GREATER HAMILTON

## The Right Place, The Right Time

### *A Message From the Regional Chairman*

As Chairman of the Regional Municipality of Hamilton-Wentworth and on behalf of Regional Council, I extend an invitation to you and your family to live and work in our great community.

We claim, with justifiable pride, that Greater Hamilton is the right place to find your future and now is the right time to make your move.

Greater Hamilton derives its strength from the strong and viable communities which are members of its metropolitan family -- the cities of Hamilton and Stoney Creek, and the suburban communities of Ancaster, Dundas, Flamborough, Glanbrook.

In this community, we proudly boast of a quality of life second to none. In our urban centre, the Hamilton Philharmonic Orchestra, Theatre Aquarius and Opera Hamilton have a marvellous home in Hamilton Place Theatre/Auditorium. Copps Coliseum hosts many major entertainment and sporting events, including world-class hockey championships such as the Canada Cup, and an eagerly awaited event, the prestigious Labatt's Brier Canadian curling championship to be held in 1991. In addition, residents enjoy the third largest art gallery in Ontario, the African Lion Safari, Dundurn Castle, Whitehern (19th century historic home), the Canadian Football Hall of Fame, Canadian Warplane Heritage Museum, Wild Water Works, Flamboro Downs harness racing, live theatre, cinema, and museums, to name a few.

We have a diverse ethnic base, including British, Italian, German, Dutch, Polish, Ukrainian, and French cultures. Throughout the Region, we celebrate our mixed heritage with Mardi Gras, Oktoberfest, Festitalia, Heritage Days and other exciting events. If you feel closed in by office towers, the Region is readily accessible to vast areas of green space. Only minutes from the urban centre are 7,000 acres of unspoiled woodlands and parks and the internationally famous Royal Botanical Gardens, one of only five in the world.

In Greater Hamilton an affordable home is a reality, and the cost of housing may range from 30 to 40 percent less than in other major Ontario municipalities.

As a result of lower personal accommodation costs, residents of this community enjoy extra discretionary income to spend on luxuries and recreation. Entrepreneurs have built or renovated numerous malls and shops to provide residents with a wide variety of shopping experiences. It is estimated that 1990 retail sales in the Hamilton Census Metropolitan Area will amount to \$4.6 billion, 13 percent above the national average.

In 1989, growth in retail business, together with developments in the commercial/financial sector, led to a record construction boom. Some \$109-million was invested in commercial construction, a staggering 84 percent growth in this sector over 1988! Total value of building permits issued in 1989 amounted to more than \$640-million, 31 percent higher than 1988. Major projects in downtown Hamilton include a second Canadian Imperial Bank of Commerce \$33-million office tower,

a 120-shop Eaton Centre mall adjacent to their new \$100-million department store, several condominiums, and a new Journey's End Hotel. We anticipate other will undertake major projects in the near future. Our strong economic growth has resulted in the Greater Hamilton Region receiving a Triple A credit rating for the second year.

Much of our socio-economic success is attributed to our comprehensive plan of development. The Regional Economic Strategy has fostered a viable business environment. Diversifying, retaining and expanding business, attracting jobs and people, developing small businesses, and promoting Greater Hamilton as a regional business and finance centre are its objectives. In 1989, the Economic Development Department assisted over 120 businesses to locate or expand in the Region, creating more than 1,800 new jobs. Overall, the Region enjoyed a 5.1 percent unemployment rate, the lowest in more than a decade.

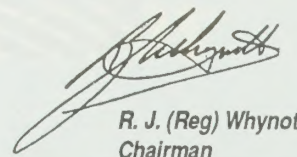

The Economic Strategy also recognizes the importance of attracting tourists and hosting conventions. Aggressive convention bidding has placed the Region as one of the top three convention destinations in Ontario, hosting 187 conventions with 65,400 delegates and 55,000 visitors in 1989. Our excellent meeting facilities, affordable accommodations, top entertainment, dining and shopping facilities, and warm hospitality are generating more return meetings every year.

In 1990, the Strategy will be revised to include sustainable development objectives. This attention to socio-environmental factors will help secure our prosperity and quality of life.

McMaster University is recognized as a leader in study and research, providing the future captains of industry, while Mohawk College of Applied Arts and Technology offers a variety of courses in post-secondary retraining and apprenticeship programs that also augment the local economy's skilled labour supply.

We have witnessed many great things happening in our Region in the last decade and we expect the trend to continue into the 1990s. We have seen the downtown revitalized, the Hamilton Airport enlarged and its services expanded, our manufacturing base grow and diversify, and our citizens prosper. In the future, we look to the construction of a \$150 million, 19 km freeway, a 10-year project slated to begin in May, 1990, linking the Queen Elizabeth Way in the eastern portion of the Region to Highway 403 in the west. This ambitious project will not only provide construction jobs, but will also enhance the Region's excellent roadway system and provide another valuable link with the provincial highway network.

**The future belongs to Greater Hamilton  
and we invite you to share it with us!**

**R. J. (Reg) Whynott  
Chairman**

# Executive Summary

## Location

The Regional Municipality of Hamilton-Wentworth (Greater Hamilton), located in southern Ontario at the west end of Lake Ontario, is the largest economic unit and industrial complex in Canada. The Region encompasses a total area of 113,843 hectares (Ancaster, 17,751; Dundas, 2,666; Flamborough, 48,186; Glanbrook, 20,845; Hamilton, 14,098; Stoney Creek, 10,297).

## Highway Distances

### Hamilton-Wentworth to:

Toronto .....	68 km
Montreal .....	607 km
Ottawa .....	467 km
Buffalo .....	102 km
New York .....	818 km
Detroit .....	322 km
Chicago .....	784 km
Washington .....	832 km
Boston .....	840 km
Pittsburgh .....	475 km
Indianapolis .....	787 km
Philadelphia .....	813 km

Over 100 million people reside within the catchment area of Greater Hamilton.

## Transportation

Greater Hamilton is served by two national railways, Hamilton Harbour, and the St. Lawrence Seaway. The expanded, modern Hamilton Airport, located 20 minutes from downtown, is serviced by a variety of regional, national and international carriers, offering both charter and scheduled flights. The Region is linked to Ontario's major highways by a superb transportation network. Construction of a new trans-Region freeway, linking the QEW in the east to Highway 403 in the west, will further enhance the Region's road system.

## Population

## Industrial Land

Fully serviced prime industrial land is available with 3,000 acres earmarked for industry. Prices are reasonable, starting from \$150,000/acre depending on location in the industrial district. Manufacturing space is available in industrial malls or quickly - constructed pre-engineered buildings.

## Major Industries

Hamilton accounts for more than 60% of all steel production in Canada. Of the more than 14,000 businesses in the Region, approximately 800 firms are engaged in manufacturing. Total manufactured shipments value was estimated at \$9 million in 1985.

## Market Characteristics

Strategically situated at the west end of Lake Ontario, Greater Hamilton is centrally located in Canada's manufacturing heartland. The Region, which consists of the Cities of Hamilton and Stoney Creek, the Towns of Dundas, Ancaster and Flamborough and Township of Glanbrook, has a consumer market area of over 100-million people within a five hundred mile radius or 24 hour drive.

The 1988 population of the Region was 434,000 and had steadily grown during the previous five years. Projected population by 2006 is expected to be 503,000. The Region is one of only three in Southern Ontario which grew faster between 1982 and 1986 than between 1971 and 1981. The main reason for the higher growth rate was a reduction in out-migration. Children under 15 and 35 to 44-year-olds are expected to be the two largest segments of the Regional population by 1996.

With a per capita income of \$19,300, Greater Hamilton's Income Rating Index is expected to be 17% above the national average in 1990 according to the Financial Post Survey of Markets, 1990. Total retail sales will average \$4.6 billion with \$8,100 spent per capita in 1990.

## Economic Base

The viable business environment of Greater Hamilton is compatible and accommodating. In recent years, the local economy has expanded and diversified and now relies less upon steel and steel-related industries. Although these activities still account for 33% of all Regional manufacturing, printing and publishing, food and beverages processing, transportation equipment, textiles and electrical machinery, all have made significant contributions to the Region's economy.

In recent years, the Region has adopted a detailed Economic Strategy to guide future growth. The importance of the service sector, as well as selective manufacturing, such as biomedical or specialized metal fabricators, will play key roles in the community's development.

Outlay of funds for local expansions was considerable in the last few years. In 1989, an estimated \$1.2 billion was invested in capital expenditures by local industry.

An increase in business activity and growth is evident by all economic indicators. In 1989, the Region's Economic Development Department assisted 60 new firms, creating 523 jobs, and 68 existing businesses, creating another 1,756 new jobs.

Ample private and municipally-owned industrial/business lands are available and in great demand throughout the Region for expansion and relocation and new business locations. Strategically located on major transportation routes, parks are fully serviced and competitively priced.

## Labour

Greater Hamilton is fortunate to have an abundant, educated and productive skilled labour force. With an active labour force of more than 336,000 in 1989, the Hamilton Census Metropolitan Area's participation rate is 71.5%. The number of employed people in the Region continues to increase as unemployment declines. The Hamilton CMA 1989 unemployment rate of 5.1 % is the lowest in the last decade.

Despite decreasing concentration of employment in manufacturing, the local economy remains specialized in manufacturing relative to the Ontario economy. Employment in the service sector has increased significantly since 1982. In 1983, service sector employment surpassed manufacturing for the first time. Service sector labour force employment has increased dramatically, climbing to approximately 100,000 by 1988.

Employment in the manufacturing sector has increased only moder-

ately since the drastic decreases of the early eighties. In 1988, labour force employment in manufacturing averaged 87,000, down slightly from 91,600 in 1981. Wage rates in the Region are competitive with other communities of the same size. Vocational training, apprenticeship programs and skills training organizations ensure a reliable source of qualified workers.

## Transportation

Greater Hamilton is linked by a superb transportation network. Located at the hub of the Golden Horseshoe industrial corridor, the Region has direct access to Toronto and points eastward, or via Detroit or Buffalo to the United States along Highways 401, 403 and the Queen Elizabeth Way. The long-awaited completion of the North-South, East-West Expressway, linking the Queen Elizabeth Way near Stoney Creek to Highway 403 near Ancaster, will further enhance the Region's existing road network.

Rail routes are dispersed throughout the Region and connect with the continent. Marine shipping from Hamilton Harbour, the busiest port on the Great Lakes, connects the Region through the St. Lawrence Seaway to international shipping lanes.

The recently renovated Hamilton Airport is quickly assuming the mantle of an important regional airport servicing national and international passenger, charter and courier business. Sixty kilometres away is Pearson International Airport.

## Community Amenities

The quality of life in Greater Hamilton is second to none. Most outstanding is the abundance of new housing in a variety of styles and at affordable prices. In all municipalities of the Region, single family housing accounts for more than half the housing stock, followed by apartment units, semi-detached and row housing. The cost of housing may range from 30 to 40% less than in other major municipalities in the Province of Ontario. As a result of lower house prices and current mortgage rates, residents have more money to spend on luxuries and recreation.

The Region has quickly positioned itself as one of Ontario's "big three" in the competitive and lucrative convention business. First-class accommodations for conventions, tourists and business visitors have increased significantly with the construction of a 300-room downtown hotel and several inns and motels within easy access to the Region's urban centre. There are approximately 1,800 rooms which can accommodate about 3,600 conventioners. Another 1,600 rooms are available at McMaster University's Conference Centre for an additional 3,200 persons from May to August.

Excellent facilities, professional entertainment, fine dining and specialty shopping augment the excellent support and assistance offered by the Economic Development Department to make Greater Hamilton an attractive meeting location.

Greater Hamilton is a well-recognized financial centre served by 9 banks with more than 100 branches, 10 trust companies with 18 locations and 14 brokerages. Having established regional offices in Greater Hamilton, the leading Canadian banks have ensured quick processing of transactions for the local business community.

Leaders in co-operative education between schools and business, the education system in the Region is one of the finest in the province. Public and separate schools offer a full range of educational programmes, including French immersion and special programmes for the physically and mentally handicapped and the gifted, from Kindergarten to Grade 13. Several private schools cater to students' individual needs with small teacher-student ratios.

The 100-year-old McMaster University is internationally recognized as a leader in study and research for its more than 10,000 full-time undergraduates and 1,000 faculty. Of particular note is its research in Engineering and Health Sciences faculties. Another leader in education, Mohawk College of Applied Arts and Technology offers the variety of courses in post-secondary, retraining and apprenticeship programmes that also keep the local economy supplied with skilled labour.

Greater Hamilton provides outstanding leadership in health care services. The local system is studied and modeled throughout Canada and the world. The Region is unique in its integration of clinical care with teaching and medical research. Leading the way in these fields is the McMaster University Medical Centre. With over 3,000 beds and more than 10,000 skilled employees, the hospitals of the Region provide virtually every type of care needed. A combination of more than 900 physicians and surgeons, 300 dentists and numerous clinics and home-care facilities complete a picture of high standard medical care.

Recreation is important to the historically sports-minded community of Greater Hamilton. Each municipality in the Region provides a wide array of indoor and outdoor facilities for winter and summer activities. In the Region, there are three areas for downhill skiing and over 5,000 acres of Conservation Authority parkland, the Royal Botanical Gardens and golf courses for cross country skiing. There are 20 golf courses, three of which are 18-hole municipal courses.

Hockey, baseball, soccer, swimming, curling, skating and tennis and their respective leagues or clubs abound in our indoor/outdoor facilities, community centres and parks. Add to the list exciting spectator sports such as motor car and harness horse racing and professional football and Triple A baseball.

Residents of the Region are inveterate patrons of the arts, music and other cultural pursuits. Numerous live theatres, cinemas, museums and art galleries are dispersed throughout the community. The Art Gallery of Hamilton is recognized as the third largest in Ontario with a prestigious collection of works by national and international artists. Home to the Hamilton Philharmonic Orchestra and Opera Hamilton, the halls of Hamilton Place reverberate to the sound of music and professional theatre. The Canadian Warplane Heritage Museum is a living exhibition of restored vintage warplanes which are flown in the summer during a two-day air show.

Fire and police protection are essential services to ensure peace and safety in any large community. Greater Hamilton is one of the best protected communities in Canada. The Fire Underwriters Survey of the City of Hamilton has given the city a fire safety rating virtually second to none in North America.

Religious beliefs of residents are accommodated by nearly 50 different denominations.

Interests of the business community are promoted through the activities of three local Chambers of Commerce. Formed in 1846, the Hamilton and District Chamber is the largest with 1,800 individual members.

## **Communication and Media**

The number of telephones in the City of Hamilton for business and residential purposes is close to 220,000. The Region is well served by several cable television companies which offer nearly 50 channels for every kind of viewing enjoyment. The community is also served by three local AM and FM stations, a daily and seven weekly newspapers, and four magazines. Major national daily newspapers are also available.

## **Utilities**

Greater Hamilton is well supplied with natural gas, oil and electricity for business and residential use. Natural gas is supplied by Union Gas Limited. Most municipalities in the Region have their own hydro-electric power systems but those that do not can depend on Ontario Hydro to meet all local needs at the cheapest rates in the world. The Regional Municipality for Hamilton-Wentworth provides for the commercial, industrial and residential water needs of all area municipalities. Sewage treatment facilities are more than adequate to meet the current and future needs of the Region.

## **Government**

The Region is governed by a Chairman and 27-member Regional Council elected every three years. The next election will be in 1991. Regional Council membership consists of all Mayors of the six Area Municipalities, 16 Aldermen from the City of Hamilton and one Council Member each from the other Regional Municipalities. The Region has responsibility for matters concerning waterworks, sewerage, policing, roads and drainage systems, transit, social services, health, planning and economic development.

Total Regional property assessment in 1989 was \$1.4-billion, 38.7% or \$522-million of which was derived from commercial assessment and \$828-million from residential property. The 1989 residential mill rate for the Region totalled 551.8 mills. The commercial/industrial business rates was 649.38 mills.

The regional general levy for 1988 was \$91.4-million or \$213 per capita. Regional expenditures for 1988 period amounted to \$327-million. The Region's net debenture debt was \$77-million in 1988, or \$179 per capita. Provincial grants and subsidies, transfer payments, and user fees account for the balance of revenues.

## **Conclusion**

An ideal location, excellent transportation links, abundant skilled labour, a burgeoning economy, viable business environment, attractive vacation and convention location, reasonably priced housing, enviable recreation, and entertainment facilities makes Greater Hamilton an exciting, flourishing and safe community in which to live and do business.

# THE SYSTEM

## Keeping the promise.

We're making good on the commitment to meet the more exacting quality demands of today and tomorrow. The most recent innovation is a \$750 million integrated system which combines the most advanced technology, from the steelmaking furnace and modern continuous casting, through the computer-controlled rolling mill. Other major projects are underway, such as, more galvanized capacity and a proposed new cold mill complex. As always, people are the key to progress at Dofasco. Thousands of our people are adding Statistical Process Control and other new techniques to the know-how which has made Dofasco Canada's largest producer of flat rolled steel.

---

## DOFASCO

*"Stamping Quality Into Everything We Do"*

# Introducing the above-floor lift that picks up where the others leave off.

The new Ford-Smith Model AFO-7A is designed from the ground up for operator convenience, safety, and high productivity.

#### Asymmetric Design

- easier parking on hoist.
- easier, roomier door opening.

#### Clear Floor Design

- overhead gantry eliminates floor 'bump over' plate.
- permits complete 'roll thru' of all wheeled transmission, lube or tool dollies.
- provides for completely level flat unobstructed concrete floor for inspection and work purposes under entire car.

#### Automatic Locking Latches

- locking latches are ALWAYS on AUTOMATICALLY over full lift commencing 20" from the floor.
- engage EVERY three inches.
- disengage for lowering by single manual 'deadman' control next to hoist master control.

#### Variable Height and Width

- height adjustable: - 140", 144", 148".
- width adjustable: - 120", 129", 138.

#### Swing Arm Locks

- each arm is equipped with a LOCK to prevent ANY arm from accidentally swinging OUT FROM UNDER the vehicle.

#### Roof Sensor

- provides a full 144" clearance from floor to roof top for vans, trucks, etc.
- automatically shuts down hoist if contacted by vehicle.

#### Twin Cylinder Electric Hydraulic

- cables carry NO WEIGHT they simply assure simultaneous movement of bolsters.

# There's more than one crane in Hamilton Harbour

**At the Port of Hamilton**, we always keep our eye on business. Helping move material, whether it's across the country or across the world, efficiently and professionally.

We meet the challenge with a roster of first rate equipment and manpower.

Recently we've added a high capacity dedicated crane service so no matter what time of day you dock, we're ready.

We are always searching for ways to make our harbour safer as well as cleaner. In the event of a spill, we have upgraded our equipment with a new, more efficient vessel as well as a comprehensive Spill Control Group.

The clean-up of Windermere Basin — another example of our commitment to maintaining the balance between industry and community.

The Port of Hamilton — talk to us about your shipping needs or let us show you it's natural beauty.

The Hamilton  
Harbour  
Commissioners

PRODUCT: General Insurance

## Business is Ballooning!

Clients like our performance. It's because their real estate needs are in the hands of top calibre full-time professionals. Our I.C.I. salespeople are dedicated to giving service and getting results.

## Commercial Group To Serve You

The experience, knowledge and competence of our Commercial Group spell success for you in site selection, land acquisition, property development, project leasing and investment purchases.

## Winning Results

Clients like the benefits of the RE/MAX commercial network and corporate relocation service. Locally, better than one of every four MLS sales is through a RE/MAX office. And RE/MAX On-The-Mountain's Upper James office is the top MLS office on the local Real Estate Board. You too can be a winner when you team up with our salespeople.

*When you need results  
call or write our  
Commercial Group.*

# RE/MAX

# FOR YOUR MEETINGS, NO OTHER HOTEL CAN OFFER THESE FEATURES

Sharon Westerside Theresa Syer Julie Nusca Zora Copic

That's because no other hotel has our team of All-Star Professionals going for it. Together, they've coordinated hundreds of meetings, and built a national reputation.

What's more, we've got the square footage you need—for registration, conventions, and meetings of virtually any size. Our Business Service Center can arrange for secretarial support and provide communications services.

Of course, we have facilities for cocktails, dining, and recreation. And our Catering Director will work with you to carefully plan menus that are sure to please your whole group.

So the next time you're planning a meeting, you can call Sheraton Hamilton at 529-5515.

Put the Sheraton team to work for you.

## THE ECONOMIC DEVELOPMENT DEPARTMENT

The Economic Development Department of Hamilton-Wentworth welcomes your inquiries. Whether you are planning a new investment in the Region or expanding an existing one, we can be of assistance.

Our staff has knowledge in areas as varied as tourism and convention planning, joint ventures or licensing arrangements, and site selection. The Department maintains an inventory of vacant land, existing buildings and investment opportunities.

While the most important investors in Hamilton-Wentworth are already here, staff is intent on expanding that list. Therefore, an international clientele is being actively pursued. Companies from such diverse origins as West Germany, France, Italy, Hong Kong, Japan and of course the United States are in continual contact with us. Their range of interests extends to establishing manufacturing plants, regional or head offices or forming joint ventures with Hamilton-Wentworth firms, as well as major commercial projects.

Alternatively, the Department is interested in assisting companies to export or to replace imports. In the same vein, Hamilton-Wentworth companies may be interested in licensing their products to national or international firms. We can help in that area as well.

A number of brochures exist in the department. They include a detailed Profile of the economics and demographics of the Region, a pocket sized Executive Summary of the profile, a pamphlet on how to set up your Business Plan, a Joint Venture and Licensing brochure, and the Business Directory. They are all available at the Regional offices. We will arrange appointments with government agencies so that business can more easily access support initiatives as set out by the respective governments. Additionally, the Department distributes pamphlets and brochures issued by the federal and provincial governments, area municipal literature, and information pieces from McMaster University and Mohawk College of Applied Arts and Technology and important information on Starting a Small Business in Hamilton-Wentworth compiled by the Hamilton and District Chamber of Commerce.

The Department maintains a positive liaison with industrial/commercial/investment realtors, financial institutions, government agencies and key individuals in the business community. We respond promptly and accurately to business queries. Absolute confidentiality is maintained and the service is without charge. In summary, we have all the bases covered and we look forward to helping you do business in Hamilton-Wentworth.

# The new Regional Business Directory and Industrial Index for 1990-1991

If your company has not yet been contacted to update and confirm your free listing information, please fill in the coupon immediately and mail it. The prize-winning publication has helped bring thousands of jobs into the Hamilton-Wentworth area and has provided increased profits for hundreds of participating businesses. The Directory is distributed to and used by the most prominent businesses in the area as well as major firms in Canada, the United States and Europe. This book is also our "OFFICIAL" representation at international trade fairs and exhibitions.

The Directory is a major development and promotional tool and all businesses within Hamilton-Wentworth are an important part of it.

This publication provides potential investors, developers and customers with current information on the Region and its business community. You are invited to participate.

The prize-winning publication has helped bring thousands of jobs into the Hamilton-Wentworth area and has provided increased profits for hundreds of participating businesses. The Directory is distributed to and used by the most prominent businesses in the area as well as major firms in Canada, the United States and Europe. This book is also our "OFFICIAL" representation at international trade fairs and exhibitions.

The Directory is a major development and promotional tool and all businesses within Hamilton-Wentworth are an important part of it.

This publication provides potential investors, developers and customers with current information on the Region and its business community. You are invited to participate.

# JACKSON SQUARE IS HAMILTON

## EVERYTHING IS CONNECTED TO US

"It's located next to Jackson Square...", is the quote from the real estate agents. Everyone wants to be connected to the Square because Lloyd D. Jackson Square is...the heart of the city.

Located at Hamilton's key downtown intersection, Jackson Square is immediately accessible to all public transportation routes, major inter-city expressways, the Hamilton Convention Centre, the Public Art Gallery and Hamilton Place Theatre Auditorium. Hamilton's main branch Library, the famous 150 year old indoor Farmers' Market, 18,000 seat Copps Coliseum and Trade Centre and the 5 star Sheraton Hotel are all a simple climate controlled, indoor step away.

## YOUR SPACE

Jackson Square offers you space to work; with over a million square feet of flexible office space featuring floor plates from fifteen to forty thousand square feet in any of four distinctly designed office buildings, with underground parking for over one thousand cars. Space to relax; at the base of a cascading indoor waterfall

surrounded by a fourteen floor hanging garden atrium. Space to socialize; to the pleasant sounds of summer lunch time concerts on our five acre landscaped plaza. Space to shop; with over 250 retail stores, restaurants and banks but, most importantly, Jackson Square will give you space to be you.

## WORKING TOGETHER

The business environments of the next century will require the highest levels of information integration. Office environments will be ergonomically designed for ease of internal movement and the personal comfort of employees.

Working as a team has never been more important. From our own team of over 200 building services support staff, to the office environs of the next century and the integrated business support of lawyers, accountants, financial institutions, brokerage houses, insurance firms, government services and corporate head offices; Jackson Square offers you the chance to make the connection. You can do business at Jackson Square.

For information on leasing opportunities in the "core connection",  
Lloyd D. Jackson Square, contact Jim Thompson at The Standard Life Center,  
120 King Street West, Suite 370, Hamilton, Ontario L8P 4V2.
